**John Bodger & Sons Co.**

Wholesale Seed Growers  
GARDENA, CAL., U. S. A.

CITY OFFICE

811 STEPHENSON AVENUE, LOS ANGELES, CAL

**B**EFORE submitting our contract prices for consideration during the Season of 1911, we desire to thank our many customers for the liberal patronage given us in the past seasons, and as our Mr. Bodger, Sr. will in the future devote the whole of his time to the care and improvement of all our stocks while growing, we feel confident in saying our present stocks will be improved, and we feel sure will give every satisfaction; especially SWEET PEAS, TOMATOES, LETTUCE, BEANS, ASTERS, COSMOS and other flower seeds, which are our principal crops.

**TERMS**—All prices quoted on basis of f. o. b. California, and forwarded at best possible rates.

Flower and Vegetable Seeds 2 per cent on receipt of goods; 60 days net; Beans sight draft against B-L. All overdue accounts subject to sight draft without further notice.

Seamless bags and all containers charged at cost.

**NON-WARRANTY**—We exercise the greatest care in growing and harvesting our Seeds, roguing our crops under personal supervision, to the best of our ability, true to name, and send out nothing but what we believe will give satisfaction. It must, however, be expressly understood that we warrant neither description, growth nor productiveness of any Seeds we deliver, nor will we hold ourselves responsible for the crop raised from any of the Seeds we grow.

If our goods are not accepted on these terms they must be returned at once.

Our Seeds have now been selling on their merits for the past sixteen years, and by observing the steadily increasing demand, we believe they have given general satisfaction, but should any variety not have been as represented, we hope our patrons will acquaint us therewith.

Very respectfully,

**JOHN BODGER & SONS CO.**

**BEANS.**  
**Pole Limas.**

## SWEET PEAS.

We are now one of the largest growers of these popular flowers and although the past season has been the most disappointing to us and our patrons, on account of the dry and blasting spring with shortage of rain, we believe we have now overcome this for the future, as we have developed sufficient water to take care of the crops and avoid serious disappointments in shortage of crops through drought.

## SWEET PEAS.

Spencer Type.

Per lb.

.....Apple Blossom .....	40
.....Rose and blush, waved.....
